

## **Westphalian Online Auction for Foals**

### **The Westphalian foal season come to the final phase**

**Münster: The online foal season in Münster-Handorf comes to its final phase. Two more online foal auctions are scheduled for September 6 and 13. The current collection includes 23 young prospects for the dressage arena and show jumping course. Bids can be placed online as of today.**

The Westfälisches Pferdestammbuch can already look back on a very successful season of online foal auctions. Now the last two online collections for foals in 2021 are about to start. The current lot offers a very interesting selection of 17 dressage and six jumping foals. Bids can be placed as of today. The final BidUp will start as usual on Monday evening, September 6, at 7.30 pm.

The promising collection is opened by the Vaderland/Fidertanz son Versace B (breeder: ZG Butkus, Overath). His dam is a full sister to Flanagan, the former Champion Stallion of the Westphalian Main Licensing. The successful For Romance son For Dance is a half-brother to this dam St.Pr.St. Francine B. The line-up of foals predispositioned for jumping is opened by a highly interesting young talent. Captain America (breeder: Nico Schulpen, Netherlands) is a son of Chat Botte du Ruisseau Z/Kannan. He descends from the Holsterner Stamm 18A1, one of the most valuable dam lines in the world. An attractive stallion prospect for higher tasks.

The entire collection can be viewed with photos, videos and veterinary examination reports at [onlineauction.westfalenpferde.de](https://onlineauction.westfalenpferde.de). Bids can be placed from today until September 6.

The attached photos can be used free of charge in connection with the PR.
